Peoria, IL 61615

Dear IMPACT-Central Illinois,

Thank you for awarding the \$20,000 community grant to Invictus Woods. We are pleased with the progress your grant offered our program and the **IMPACT** you made on our community.

Because of your investment, Invictus Woods was able to:

- Establish a grading scale for measuring program success
- Issue 40 DAY-1 grants
- Start treatment for 33 people on DAY-1
- 31 grant recipients remained sober while at Invictus Woods
- 25 grant recipients remain sober (at our last contact with them)

Here are some words of gratitude from IMPACT grant recipients:

"The grand did its job, I am moving at a very self sufficient pace now, I even found a school that I will be interested in going to here in the near future. This opportunity has been nothing short of a blessing."
- Devon B.

"I have been clean for 3 months. I am excited for what the future has to hold for my new sobriety."
- Aaron I.

"It has actually helped me to put my life back together without too much stress. Thank you for that!"
- Jeffrey H.

"It has given me a fighting chance for survival. If it wasn't for Invictus Woods, I would have been homeless and in being so probably would have been back to drinking myself into a slow grave. I am very grateful."
- Bradley A.

Again, thank you for making an IMPACT with Invictus Woods and the Peoria Community!

With gratitude,
