

ABOUT SPONSORED MEMBERSHIP

In an effort to broaden the perspective at the table of our Grant Review Committees and the organization as a whole, Impact Central Illinois (ICI) offers sponsored membership positions to women that might otherwise not be able to join.

- Sponsored Members are women with varying experience, age, ethnicity, economic, and professional backgrounds.
- Sponsored members offer incredible value to ICI and receive the full benefits of membership.

BENEFITS OF MEMBERSHIP

- **Networking** - Events (4) to meet current and prospective members.
- **Community Understanding** - Participating in the grant selection process offers ICI members the opportunity to review grant applications, ask questions, and visit potential partners to see how our dollars would make a difference. Sitting at the table; learning in detail about the greatest needs in our community; and having input on the specific program and/or project being applied for by the nonprofits is a tremendous learning experience.
- **Influence** - Having input and a vote on where over \$300,000 goes to help better the community.
- **Relationships** - Developing meaningful relationships built on working alongside other Central Illinois women striving to impact our community positively.
- **Waived Fee** - The membership fee of \$1,100 is fully waived.

SPONSORED MEMBER PARTICIPATION
