Restrictions on Participation

Is participation in the proposal restricted to certain individuals in any way? Impact Central Illinois grant guidelines indicate that proposals must support social outreach and charitable service programs that benefit the community at large. However, your proposal may target a specific population within the community. Please indicate any restrictions regarding participation in the proposal. Please explain.

All organizations proposing social outreach and charitable service programs which benefit the community at large ARE ELIGIBLE to submit a LOI proposal for consideration. However, as a collective giving organization, we ask for organizations to disclose any restrictions related to participation in the proposal so that our grant reviewers are able to consider these restrictions with respect to the strength of other proposals being considered as well.

Required Statements of Belief

Does the proposal require a written or signed document stating a belief in a particular ideology in order to participate in the proposal? Please explain.

Litigation

(This field will only be seen by admin)

Is there any pending litigation involving your organization or have there been any legal judgments against your organization in the past three years? If yes, please explain.

As an organization committed to stewarding our members' dollars very seriously, we ask that all litigation be disclosed to our leadership. This information will be kept confidential and shared with leadership only.

Capital Projects

(This field will only be seen by admin and committee chairman)

Impact Central Illinois will only fund capital projects to improve property owned by the applicant organization or leased by that applicant with a minimum of 5 years remaining on the lease as of January 1, 2024.

We are not currently in compliance with this restriction regarding property proposed for capital improvements.

Please explain situation regarding property proposed for capital improvements

We accept proposals related to capital improvement projects, however we ask that any property being considered for the capital improvements be owned by the nonprofit organization or be secured in a long term lease with at least five years remaining on the lease.

Total Reported Gross Revenues for the Last Full Fiscal Year

Program Partnership

If the proposed program/project is a partnership of two or more non-profits, share the roles each will have in the delivery of the program services and explain the oversight of the program. (optional)

Partnership proposals are qualified to participate in our grant review cycle. We do ask that the roles shared in the execution of the proposal be considered and shared and that each of the partners will have a role in the delivery of the proposal.

For-Profit Support

If the proposed program/project enlists material support from any for-profit organizations, share the roles each will have in supporting the program. (e.g. facility space being provided for the proposed program/project, services being provided at a discounted rate related to the proposed program/project, in-kind material donations to be used for the proposed program/project) This does not include volunteers being provided by a for-profit company to support the program/project or monetary donations from a for-profit company to support the program/project (this may be highlighted in the LOI budget form).

Proposals being submitted may enlist the support or partnership of For-Profit organizations. This type of partnership is allowed, however we ask that the details related to the partnership be well understood and shared in the LOI proposal.
